

About Our Program

Through a wide variety of clinical, research and administrative experiences, the resident will gain the knowledge and skills necessary to function as a clinical pharmacy practitioner in psychiatry and a leader in psychiatric pharmacy. The resident will function as an integral member of interdisciplinary teams caring for individuals with psychiatric and neurologic disorders and will assume responsibility for patient-centered medication therapy.

North Florida/South Georgia Veterans Health System

The North Florida/South Georgia Veterans Health System (NF/SG VHS) is a comprehensive and integrated health care system that serves the largest number of patients in the VA. Our health system contains two medical center campuses. Malcom Randall VA Medical Center is located in Gainesville, Florida and includes a 200+ bed inpatient facility and outpatient center with primary care and specialty clinics. Lake City VA Medical Center includes a 40-bed inpatient facility, a 15-bed palliative care unit, a long-term care facility, and outpatient services including primary care and specialty clinics. The health system also contains several outpatient clinics in Jacksonville, Tallahassee, The Villages, and surrounding areas that provide primary care and some specialty services.
