About The Tampa Bay Area

The Tampa Bay area consists of three cities, Tampa, St. Petersburg, and Clearwater, and its surroundings to make up a metropolitan area full of attractions to enjoy year round. The location offers residents a large variety of cuisines, arts and culture, unique shopping, and many festivals / events to experience. There are numerous beaches minutes away from the Bay Pines VA to choose from if you enjoy water sports or just need a place to relax. A variety of nightlife options are available from all three downtowns. If you are a sports fan, we house the Rays (MLB) and the Buccaneers (NFL) for you to cheer on! We also have the Busch Gardens amusement park in Tampa if you're in for an adrenaline rush. And if that's not enough, Orlando is always within reach for a weekend getaway. For more information visit:

All residents will have the opportunity to choose two 5 week electives. They may also repeat any previous rotation as an elective. Elective rotations include, but are not limited to:

- Patient Care (Inpatient and Outpatient)
- Teaching Certificate Program
- Academic Administration

Major Projects

In addition to rotations, residents will participate in several ongoing activities throughout the year which include:

- Medication Utilization Evaluation
- Grand Rounds Presentation
- VISN/National Level Presentation

Bay Pines VAHCS

The Bay Pines VAHCS is a non-profit, teaching medical facility located on 337 acres and situated on the Gulf of Mexico. The healthcare system serves a 10 county area from Pinellas County in the north to Collier County in the south. Together, the Bay Pines VAHCS provides care to over 110,000 Veterans every year including our outpatient clinics in Bradenton, Lee County, Naples, Palm Harbor, Port Charlotte, St. Petersburg, Sarasota, and Sebring. Our healthcare system serves the healthcare needs of America's Veterans in West Central and Southwest Coastal Florida by providing primary care, specialized care, and related medical and social support sources.

Residency Overview

This specialty residency is designed to enable the resident to develop the professional skills necessary to serve in a pharmacy clinical or operational leadership role. It includes exposure to national, regional, and local activities that are directed to support team management, regulatory compliance, performance measure monitoring and compliance, and resource management. Upon completion of the program, the graduate shall be able to develop, implement, and manage clinical and operational pharmacy services while employing newly developed skills in personnel management and development, communication, resource management, fiscal management, regulatory compliance, and program development.
