

Interdisciplinary Team

Learn from an interdisciplinary team including complementary treatment modalities:

- Clinical Psychology
- Physical Medicine
- Clinical Pharmacy
- Chiropractic
- Physical Therapy
- Acupuncture

The resident will be an integral member of the Interdisciplinary pain team. They will gain invaluable experience working alongside professionals in multiple areas of practice. The resident will learn to recommend and implement both pharmacologic and nonpharmacologic modalities for pain management.

PGY-2 Pain and Palliative Care Residency Program

*Samuel S. Stratton VA Medical Center
Albany, New York*

Learning Experiences

The resident will receive specialty training in Pain Management and develop confidence in various specialty clinics with opportunities including:

- Interdisciplinary Pain Management
- Neurology
- Infectious Disease
- Rheumatology
- Nephrology
- Rural Health/Telehealth
- Palliative Care
- Pain Education
- Addiction Medicine
- Mental Health
- Teaching & Learning Program in collaboration with Albany College of Pharmacy and Health Sciences
- Professional Development
- Research and publishing
- Additional Electives may also be arranged

Where are they now?

Graduates of the PGY-2 in Pain and Palliative Care at the Stratton VA Medical Center continue to work in the field and publish prolifically. Our alumni work in academia, private hospitals/medical centers and as clinical pharmacy specialists in pain management at multiple VA facilities across the country. Visit PainDr.com for more information about our team of accomplished alumni!
