## Pharmacy Career

IN NEW DIRECTIONS

# PGY1 PHARMACY RESIDENCY

# PROGRAM DESCRIPTION

The PGYI Pharmacy Residency at the **Syracuse VA Medical Center** is designed to allow development of the resident into a clinical practitioner who will contribute to positive outcomes in the practice of pharmacy.

The program is a comprehensive, ASHP accredited, 12 month post-graduate residency. The program will focus on the development of skills in a variety of practice settings including internal medicine, ambulatory care, and pharmacy practice management.

## GOALS

The purpose of the Pharmacy PGYI Residency is to train pharmacists to provide medication therapy management, primarily to ambulatory, geriatric and inpatient populations. The pharmacist will learn to be a member of a multidisciplinary team, providing education to patients and health professionals. In addition, residents will learn to perform self-monitoring and demonstrate leadership through contributions to performance improvement.

# QUALIFICATIONS AND BENEFITS

## QUALIFICATIONS:

- United States citizen
- Graduate of an accredited college of pharmacy
- Active pharmacy license, or eligible for licensure in any state or federal territory

## BENEFITS:

- Competitive salary
- Eligible for medical and life insurance as a VA employee—multiple plans available
- Thirteen (13) days of annual leave
- Thirteen (13) days of sick leave

## ABOUT SYRACUSE VA MEDICAL CENTER

Syracuse VAMC is a 159-bed general medical and surgical referral center including a 16-bed Acute Care Psychiatric Unit, a 46-bed Community Living Center and a 21-bed Spinal Cord Injury/Disorder Center located in central New York State. It is a teaching facility affiliated with State University of New York (SUNY) Upstate Medical University and operates seven Community Based Outpatient Clinics (CBOCs).

The Syracuse VAMC is dedicated to providing a wide range of medical and surgical services to the veterans of central New York including: primary care, mental health care, tertiary care, long-term care, cardiology, neurology, oncology, physical medicine and rehabilitation, infectious disease and geriatrics. The \$90+ million, 6-floor addition which houses a 30-bed Regional Spinal Cord Disorder (SCI/D) Center was formally opened on June 14th 2013. The center houses a therapeutic pool, expanded outpatient surgical services, dialysis and infusion program and seven new operating rooms. Syracuse VAMC is a Level II Polytrauma Center for VISN 2 and an Amputee Center of Care.

A GREAT PLACE to BE!
