About the Cincinnati VA:

The Cincinnati VA Medical Center provides a rich educational and clinical environment, where aspiring psychiatric pharmacists are mentored and guided by a diverse team of mental health care experts. Practitioners from all major disciplines, including psychology, psychiatry, nursing, and social work, collaborate to provide comprehensive, patient-centered care.

Founded in 2014, we are not just training psychiatric pharmacists; we are cultivating professionals who embody diversity, inclusion, and respect for every individual's uniqueness. Likewise, we welcome trainees from all backgrounds and seek to further diversity among our own workforces.
