#### Austin

Multispecialty outpatient clinic

Community-based clinics

\* The CTVHCS PGY1 and Psychiatric PGY2 residencies are multi-site programs. This means that travel between sites will occur during the residency year. Travel between sites is not compensated for gas or mileage. There are government vehicles available for use, however the vehicles must be picked up and dropped off at temple VA each day and may not be kept by the resident overnight. If a government vehicle is used gas and tolls are paid for by the VA.
