Program Overview

The Hershel “Woody” Williams VA Medical Center PGY-1 Pharmacy Residency is designed to develop clinical skills in a broad range of practice settings. Through learning opportunities and fostering professional growth, the residency will develop clinical competence, skills, and application of drug therapy.

The resident will accumulate the knowledge and experience to improve drug therapy outcomes and enhance pharmaceutical care with mentoring and guidance from our clinical pharmacy staff.

Areas of focus

- Acute patient care
- Ambulatory patient care
- Drug Information
- Drug use policy development
- Practice management
- Formulary management

Inpatient clinical activities

- Daily medical/surgical rounds
- Pharmacotherapeutic monitoring
- Evidence-based interventions

Ambulatory disease state management

- Hyperlipidemia
- Hypertension
- Diabetes
- Anticoagulation
- Psychiatry
- Patient education classes
- Home-based primary care
- Rural Health

Program Description

The residency is a 12-month post-graduate program. The goals and objectives of each rotation are designed to meet or exceed ASHP standards, while allowing enough **flexibility to develop the specific interests of the resident**. The following rotations are available:
