PGY 1 Pharmacy Residency

**Cheyenne VA Health
Care System**
Cheyenne, WY

The CHYVA takes a proactive approach to patient care. The pharmacist is a fully integrated member of the multidisciplinary team and is responsible for supporting patients from multiple angles.

Throughout the residency year, you will gain invaluable experiences in a wide variety of required and elective rotations.

Required Rotations:

- Pharmacy informatics
- Outpatient pharmacy
- Inpatient pharmacy
- Ambulatory care
- Anticoagulation
- Internal medicine

Elective Rotations:

- Academia
- Cardiology
- Critical care
- Mental health
- Oncology
- Pain
- Home based primary care
- Ambulatory care II

Longitudinal Rotations:

- Management
- Anticoagulation
- Outpatient and inpatient pharmacy

Welcome to the Cheyenne VA Medical Center

"I am so proud to have been a Cheyenne VA pharmacy resident! Providing care to today's Veteran population has been the most rewarding experience of my professional career. The opportunities available, allowed me to tailor my residency experience to my professional and personal interests and goals which led me into accepting a full-time position at the CHYVAMC where I get to 'Serve those who served.'"

-F. Allen Webb, III, PharmD, BCPS 2015 PGY1 Resident, CHY

The PGY1 program at the Cheyenne VA is an ASHP Accredited pharmacy residency that builds upon the knowledge gained from an accredited professional pharmacy degree. What sets our program apart from others is a smaller, more intimate setting and the ability to adapt our program around our residents' interests which allows for a more personalized experience.

Overview:

- 6 required **core** rotations
- 3 to 4 required **longitudinal** rotations
- 5 **elective** rotations
- 1 required resident project
- 2 required grand round presentations
- Attend ASHP Midyear and Mountain States Residency Conference
- 2 resident positions available
- Close proximity to the University of Wyoming, providing multiple IPPE and APPE student opportunities and many teaching opportunities for residents

Since 1934, CHYVAMC has been improving the health of men and women who have so proudly served our nation. We are a 76 bed hospital that services about 68,000 Veterans living in the tristate area of Southeastern WY, Northeastern CO and Southwestern NE.

With continued growth, our program is constantly evaluating and looking for areas in which to expand. We are very excited about the opportunities we are able to create for residents, students and most importantly our Veterans. We have multiple preceptors who have completed residency programs themselves and are dedicated to providing a well-rounded learning experience.
